## **APPENDIX TWO**

### **PSYCHOLOGICAL ASSESSMENT REQUIREMENTS**

The psychological assessment that is referred to in section 17(c)(ii) of the Act is an assessment report completed by a Clinical Psychologist that covers as a minimum:—

- The results of personality testing on each participant in the arrangement (eg MMPI2 or PAI)
- Assessment of current psychological function for each participant (eg DASS)
- Assessment on the motivation and reasons for participating in the surrogacy arrangement
- Assessment on the participants ability to resolve conflict that may arise
- Relationship functioning of participants
- Assessment of impact on existing children of participants
- Other information of relevance
