

## Donor profile example

This information sheet provides an example of what a donor profile may look like for people considering donating sperm, eggs or embryos, and potential recipients.

Non-identifying details about the donor are used to create a donor profile. Potential recipients review the donor profile to see whether the donor is a match with what they are looking for. The following is an example of what a donor profile may look like.

### Donor profile example

Donor code	<table border="1"><tr><td>1</td><td>2</td><td>3</td><td>4</td><td></td><td></td><td></td><td></td><td></td><td></td></tr></table>	1	2	3	4						
1	2	3	4
